## Slam Beam Seating Configuration

---

Slam Beam can be configured in many ways to meet the needs of your public space. The following pages will provide you a step by step process to correctly configure your benches. **Each purchase order submitted requires the diagram on page SB17 of this price list to be completed for every different bench model.** This is to ensure that the product you receive is exactly what you intended to purchase. If Leland can be of any assistance to you, please don't hesitate to contact our Customer Experience Department at 800-859-7510.

### 1. Base Selection

---

Begin configuring Slam Beam by selecting a base. Bases are available in three or four positions, either with arms or armless.

### 2. Shell Added to Base

---

The Slam shell is designed to fit one base position. Shells are available in polypropylene or 3D Veneer with or without upholstery. When placing an order, each shell is considered a separate product and will require its own model number.

### 3. Table Added to Base (Optional)

---

Slam Beam tables fit one base position. Table surface selections are available as a laminate. When placing an order, each table is considered a separate product and will require its own model number.

# SLAM BEAM ORDER DIAGRAM

SB4

Please complete and include with your order. If multiple units are ordered, a diagram must be completed for each unique unit.

## 1. Slam Beam Base Selection

Select a three position or four position base model number:

The gray boxes below represent the seat/table positions of the model. Specify from left to right as seated. \*Note diagram (bottom is front of bench).
