# Gemma Stitch

Created by Altherr Désile Park for Leland

---

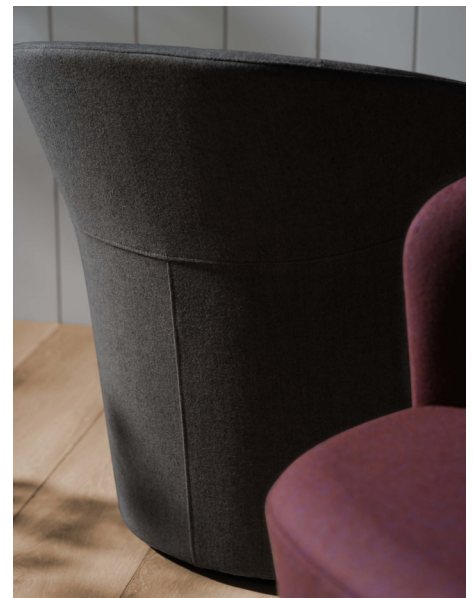

“As with the Gemma chair, this fully upholstered lounge balances between softness and tension, organic and architectural, and working and relaxing.”

**Altherr Désile Park**

## Lounge-worthy Geometry

Gemma Stitch is soft, voluminous, and inviting while echoing sensibilities from the rest of the collection, meaning it can be mixed, matched, and still maintain visual synergy.

## A Strapping Addition

Adding the optional strap to the Gemma Stitch Lounge Chair turns any space into a flexible zone. Pull one over and join a group. Take one over to a nearby table

---

The softly sculptural Gemma Stitch plays off the lightweight and laminar chair, extending the collection into informal collaborative spaces. Gemma Stitch adds a bit of soft architecture to spaces that invites people into a social working environment.

## The Soft Side of the Collection

Ideal for low-key spaces, the Gemma Stitch Lounge Chair is architectural softness, defined for today.
