Gemma Tables

Created by Altherr Désile Park for Leland

Warm and residential, our work-height tables introduce a new flare to the Gemma occasional table series—greeting people with a warm demeanor and residential appeal.

Warm & Residential

The new work-height tables are available in round, square and soft rectangular shapes, with two different base styles—solid wood leg or a metal totem base. Discrete wire management and a height-adjustable option round out the functional requirements for contract spaces, without losing the welcoming appeal.

A Comforting Contrast

In contrast with tables that look and feel like they were made for work – and only work – Leland's 29" Gemma tables stand out and apart. Available in Walnut, Oak and Beech, the solid wood legs are warm and welcoming, while the totem base finishes fit a variety of spaces and interior styles.

“Gemma tables were designed to create a domesticated and warm alternative to typical technical contract tables.”

Altherr Désile Park

Attractive Options

Available in round, square and soft rectangular shapes, with two different base styles – solid wood leg or a metal totem base – Gemma work-height tables compliment any space, meeting people right in the moment and mood they're in.
